## Cleaners

### WESSEX CHEMICALS BILGE CLEANER

Wessex Bilge Cleaner lifts off dirt, grime, grease, oil and scale from bilges, pipes and lockers. It helps combat the growth of limescale, mould and mildew commonly found in bilges, as well as controlling bad odours caused by stagnant water in bilges, holding tanks and traps under showers and sinks. Ideal for over-wintering to keep tanks free from odour build-up. Safe for use on a variety of hard surfaces including metals, plastics, laminates and ceramics. 100% environmentally friendly and biodegradable.

### WESSEX CHEMICALS BLUE BIO TOILET FLUID

Blue Bio toilet fluid is a new generation, multi-purpose, blue toilet fluid primarily for cassette/waste tanks and flush tanks in caravans, motorhomes and portable camping toilets. Blue Bio toilet fluid is also suitable for use in septic tanks, boat holding tanks and grey water tanks (where the blue dye isn't an issue). Blue Bio toilet fluid works with mother nature to breakdown waste whether it's in your caravan, motorhome, boat or in the sewage plant. Blue Bio toilet fluid is formaldehyde, glutaraldehyde and biocide free (harmful substances contained in many toilet fluids) and works with natural bacteria to breakdown sewage. This greatly reduces its impact on the environment and brings disposal costs down (associated with chemical disposal). It's non-hazardous and 100% biodegradable, making it the friendly chemical toilet fluid that works!

## WESSEX CHEMICALS PROPELLER CLEANER

Wessex Propeller Cleaner is designed to remove calcium deposits, algae and soften and help remove barnacles. Superb results are easily achieved by simply brushing onto surface and rinsing off with water after 5-10 minutes. Suitable for use on stainless steel, bronze and aluminium propeller blades, shafts and casings. Wessex Propeller Cleaner is easy, efficient and quick to use. Non-corrosive acidic formulation doesn't release pungent gases/fumes compared with similarly effective formulae.

## WESSEX CHEMICALS TEAK CLEANER (PART 1)

Part 1 of a 2 part teak cleaning system that produces superb results. Part One is a Teak Cleaner. The Wessex Teak Cleaner is designed to take away the natural silver colour teak turns over time, and bring it back to the colour it was when new (a straw colour). When using the Wessex Teak Cleaner for the first time, you will notice it making the teak wood go dark brown in colour. As you apply it with a sponge or brush you will also notice the dirt and muck coming off. When you have finished applying Teak Cleaner and begin to rinse off with water, you will see dirty brown water running off the teak. You will literally see the dirt being removed. When you have finished cleaning the teak, proceed to Part Two Teak Renovator for maximum wow factor.

## WESSEX CHEMICALS TEAK RENOVATOR (PART 2)

Part 2 of a 2 part teak cleaning system that produces superb results. Teak Renovator (also referred to as a teak brightener) is designed to restore the colour so it looks like new teak again. As soon as you apply Teak Renovator, the teak will lighten to a lovely uniform amber colour and eventually dry to a straw colour, just like new teak. No patchy areas, just some teak to be proud of again!
