3M 201E PREMIUM 80°C G.P MASKING TAPE 72mm X 50M	3M-201E-72

3M SCOTCH-BLUE 14 DAY MASKING TAPE

3M

3M 2090 Scotch-Blue Out Door Masking Tape is a very popular multi-surface tape for marine applications, given its good balance between ultraviolet resistance and clean removability. 3M 2090 Scotch-Blue Out Door Masking Tape can be left on most surfaces for up to 14 days, even when exposed to direct sunlight. 3M 2090 Scotch-Blue Out Door Masking Tape's bright blue colour makes this tape easily identifiable.

Product Codes

3M SCOTCH-BLUE 14 DAY MASKING TAPE 25mm X 50M	3M-2090-25
3M SCOTCH-BLUE 14 DAY MASKING TAPE 48mm X 50M	3M-2090-48

3M SCOTCH AQUA WASHI 60 DAY MASKING TAPE

3M

3M Scotch Washi Tape 2899 is suitable for indoor and outdoor use. It will cleanly remove from most surfaces up to 60 days after the initial application. It will withstand high temperatures and is UV resistant. KEY FEATURES: UV Stable Clean Removal High Temperature Sharp Paint line.

Product Codes

3M SCOTCH AQUA WASHI 60 DAY MASKING TAPE 24mm X 50M	3M-2899-24
3M SCOTCH AQUA WASHI 60 DAY MASKING TAPE 48mm X 50M	3M-2899-48

3M 3434 AUTO RE-FINISH BLUE MASKING TAPE

3M

3M 3434 Scotch High Performance Tape is a light blue, smooth creped paper masking tape which can be effectively used in most marine applications. 3M 3434 Scotch High Performance Tape has good water resistance properties, excellent solvent resistance, good conformity and excellent instant adhesion.

Product Codes

3M 3434 AUTO RE-FINISH BLUE MASKING TAPE 19mm X50M	3M-7895
3M 3434 AUTO RE-FINISH BLUE MASKING TAPE 25mm X50M	3M-7897

3M 3434 AUTO RE-FINISH BLUE MASKING TAPE 50mm X50M	3M-7899

3M 244 SUPERIOR MASKING TAPE

3M

244 is a gold coloured speciality masking tape with a flat paper backing and synthetic adhesive, well suited for holding, sealing and paint masking, particularly where exposed to sunlight. This tape is especially suited for applications where UV resistance.

Product Codes

3M 244 SUPERIOR MASKING TAPE 18mmX50M	3M-244-18
3M 244 SUPERIOR MASKING TAPE 48mmX50M	3M-244-48

3M SOFT EDGE FOAM MASKING TAPE

3M

This putty like tape is used for masking up door apertures etc to avoid over-spray entering behind the door panels.

Product Codes

3M SOFT EDGE MASKING FOAM 19mm X 5M	3M-09973
-------------------------------------	----------

3M PRECISION MASKING TAPE GREEN

3M

3M Precision Masking Tape is excellent for critical edge paint performance, helping painters produce sharp paint lines using solvent and waterborne paint systems. Its ultra thin paper backing helps produce very low paint edges, yet it's strong enough to pull through layers of color and clear coat. The tape is ideal for two-tone separation, bumper black out areas and back masking. Mask awkward areas with confidence using 3M Precision Masking Tape. Our acrylic adhesive masking tape also helps protect the surrounding area from overspray and makes paint lines look clean. It's the thinnest gauge tape we offer for automotive aftermarket applications and unwinds, tears and removes easily and cleanly. It also sticks to metal, glass and painted surfaces well and is great for solvent and waterborne paint systems.

Product Codes

3M PRECISION MASKING TAPE GREEN 6mm X 55M	3M-06525
3M PRECISION MASKING TAPE GREEN 19mm X 55M	3M-06526

Dual Lock

3M DUAL LOCK RE-CLOSABLE FASTNER

3M

Dual Lock fasteners described here consist of two types of continuous plastic strips with mushroom shaped stems. They are designed to engage together with one another to provide re-closable fastening for a wide range of applications. Dual Lock 400 - has a dense stem pattern of approximately 62 stems/cm. It locks together in any position and is generally the best choice for joining two surfaces when using the Pressure-Sensitive Dual Lock products. Dual Lock 250 - has approximately 38 stems/cm. It is a self-engaging fastener providing similar strength to Type 400 to Type 170 combination. It also reduces inventory as only one roll is required. Dual Lock 170 - has approximately 26 stems/cm. Besides general use with Dual Lock Type 400, it can also be mated to Scotchmate Loop products to provide an excellent high strength fastener with a limited re-closure life. SJ 3540 Range - Designed for general purpose kinds of dynamic and static load applications where temperatures do not exceed 49°C. SJ 3550 Range - Designed for high strength bond applications. These products can be bonded to paints, plastics, metals etc at a range of temperatures between -29°C to +93°C making them ideal for holding in head linings.

Protective Tape & Films

3M HAND MASKING FILM

This product is a high density, non-porous film especially designed for paint masking and paint overspray protection on hulls and decks. The film is folded down onto to rolls making it much easier to handle. Once off the roll the product drops down into larger curtains.

Product Codes

3M MF-48 HAND MASKING FILM 48" x 180' X	3M-MF-48
3M MF-72 HAND MASKING FILM 72" x 90' X	3M-MF-72
3M MF-99 HAND MASKING FILM 99" x 90' X	3M-MF-99

3M LOW TACK PROTECTIVE TAPE

SCPS-100 is a low-tack adhesive backed protective tape which can be applied to floor areas, hulls, decks etc to stop damage occurring during the build or maintenance process. Can be left on for a number of weeks and easily removed leaving little or no residue. N.B. Not suitable for outside use.

Product Codes

3M LOW TACK PROTECTIVE TAPE 24" x 100YDS 3M-SCPS100-24

3M LOW TACK PROTECTIVE TAPE 36' x 100 YDS 3M-SCPS100-36

3M EASYMASK TAPED MASKING FILM

This plastic film is a great way to quickly mask around areas which require painting. Pre-taped to speed the process - no separate masking tape is needed. The high quality material ensures that the vehicle is fully protected against paint spray whilst also preventing paint runs off the film.

Product Codes

3M EASYMASK TAPED MASKING FILM 600mm X 25M 3M-05968

3M EASYMASK TAPED MASKING FILM 900mm X 25M 3M-05969

3M EASYMASK TAPED MASKING FILM 1800mmx25M 3M-05971

3M CLEAR MASKING FILM

Use with 3M Masking Film Dispenser. Choose from 4m/12ft. Apply a high-density, tear-resistant durable film. Get protection from overspray with 3M Low Cost Masking Film. Our economical, high density, tear resistant, and specially treated masking film is designed to cling to vessel and ensures good paint adhesion of both solvent and waterborne paints. Ensure good paint adhesion of solvent and waterborne paints with 3M Low Cost Masking Film. Our economical, high density, tear resistant, and specially treated masking film is designed to cling to vehicles and gives protection from overspray. It's easy to handle; a vessel can be covered by one person. It has centre printing to help with alignment when applying it to vessels.

Product Codes

3M CLEAR MASKING FILM 4M x 150M ROLL 3M-50676

3M SELF-STICK LIQUID PROTECTIVE FABRIC BLUE

3M_ Self-Stick Liquid Protection Fabric is ideal for a wide range of temporary surface protection in industrial settings. Its liquid-proof layer protects work surfaces from water, oils, solvents and more. Its nonwoven surface traps dirt, dust and debris and prevents them from spreading through the facility. Its adhesive backing keeps it securely in place and removes without residue. Specially engineered surface protection material for industrial, marine and automotive applications. Temporarily protects surfaces from the damaging effects of liquids, oils and solvents while also trapping dirt. Adhesive backing keeps material secure and makes for fast, easy application. Resists UV rays - can be used outdoors for up to two weeks. Repositionable material applies quickly and removes easily without residue. Conformable material can be applied to irregular surfaces such as hoses and part stands. Has been shown to improve traction to help reduce the likelihood of slips and falls.
